

Hospitals Looking For The Newest Idea For Mom

DIGIAlbum

Baby's First Year

A FRESH, NEW AND INEXPENSIVE IDEA FOR TODAY'S "DIGITAL" PARENTS

It's the perfect gift from a hospital or anyone who needs to congratulate the new parents. The Digi-album is "today's" photo album where mom and dad can save all the digital pictures they take of the baby. Two CDRs/DVDRs in an attractive package all branded with a logo and all the custom information you need. After the baby pictures are taken, edited and even printed, the Digi-album is a safe place to store the images just in case a computer crashes or disappears.
