

Too Busy or Understaffed To Send Your Own Holiday Greeting Card?

***We Will Lick
The Envelopes***

Problem:

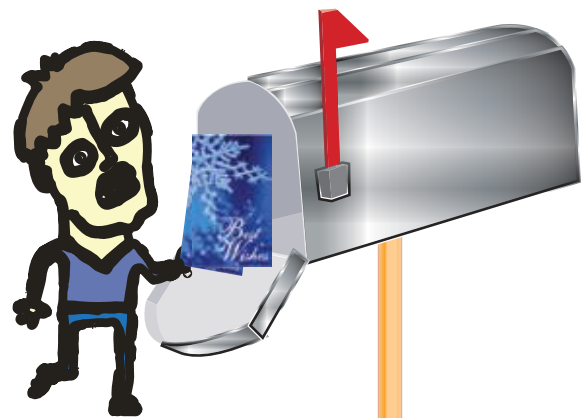

You don't have the time or the personnel to sign your greeting cards, address them, insert them, lick the envelopes, apply the stamps and deliver them to the post office. Even at minimum wage it's going to cost.

Solution:

Let us do it all for you. Simply create your CD greeting card from 11,000 possible combinations. We will customize it with your logo and even your facsimile signature. Along with your order, provide a standard spread sheet giving the names and addresses of those who are special to your business. We will take it from there. It's Soundline's greeting card concierge program. Specially priced for a limited time. The result is win-win. The recipient gets your personalized gift/greeting card and you did it hands free.
