## We Can't Keep It A Secret

NEW JUM59

Features lite dinner music CD

Thanksgiving cards are the greatest marketing tool for the holiday season

Being first and being noticed is a critical component of brilliant marketing. Saying thank you is a business "must". By sending your holiday greeting card about 10 days earlier than normal, you are able to accomplish both.

Your card will be first, it will say both happy holidays and "thank you". It contains a CD to be used throughout the year and lasts a lifetime.

So many business people have said they want to do it, but never get around to it. Here is your early bird incentive to make it happen in an economy where the same old - same old does not work.

JUM56

Features lite dinner music CD

JUM57
